PROFESSIONAL SUMMARY

Senior Frontend Engineer with 12+ years of software development experience, including 5+ years of hands-on experience building scalable and high-performance web applications using React.js, Next.js, JavaScript, and TypeScript, backed by 8+ years of Native iOS expertise. Skilled in developing production-ready, responsive, and user-centric applications using React.js, Next.js, Redux Toolkit, TanStack Query, HTML5, CSS3, and Tailwind CSS. Experienced in component-driven development, frontend architecture, REST and GraphQL API integrations, state management, performance optimization, and end-to-end product delivery across startup and enterprise environments. Additional expertise in React Native provides a strong cross-platform engineering perspective.

EXPERIENCE

Senior Consultant (Lead React Developer)

Ernst & Young LLP - Pune, MH | July 2026 - Present | Remote

- Contributing to the design and development of scalable React-based enterprise web applications, building reusable frontend components, integrating REST APIs, and delivering high-performance, production-ready user experiences within an enterprise environment.

Senior iOS Developer (FDC Contract)

Loma Technology - Phnom Penh, Cambodia | December 2025 - May 2026 | Remote

- Delivered Native iOS solutions for a client product using SwiftUI, contributing to feature development, UI implementation, API integration, and production-ready application delivery.

Senior Mobile Developer (Frontend)

Vorosoft Global Inc. - Noida, UP | June 2025 - November 2025 | Remote

- Served as the sole Senior Mobile Engineer in a client-based startup, independently leading end-to-end Native iOS application architecture, development, performance optimization, and production delivery while collaborating directly with clients and cross-functional teams.

Lead iOS Engineer (React & Native iOS)

Resiliency Program Pvt. Ltd. - Delhi, IN | December 2022 - February 2025 | Remote

- Led the mobile engineering team in a product-based startup, leveraging deep Native iOS expertise to drive mobile architecture, feature development, performance optimization, and end-to-end product delivery.

Senior Mobile Engineer (Mobile + Web)

9Brainz - Rajkot, GJ | May 2016 - November 2022 | Hybrid

- Worked as a Senior Frontend Engineer on React.js and Next.js web products, building reusable UI components, scalable frontend architectures, API integrations, and high-performance user experiences.
- Led the mobile engineering team, driving technical architecture, development standards, code reviews, performance optimization, and end-to-end delivery of scalable mobile products.

iOS Developer (Mobile Frontend Development)

TheAppGuruz - Rajkot, GJ | June 2014 - April 2016 | On-Site

- Started my professional journey in mobile application development as a Native iOS Developer, building a strong foundation in Objective-C, Swift, iOS SDK, and frontend UI development.
