## SUMMARY

---

- Approximately 8+ years of experience in iOS Application Development. Expert in UX flow designing, Testing, and Bug fixing based on requirements.
- Knowledge in Objective-C/Swift Programming languages and currently working on SwiftUI development
- A Team player who works with others simultaneously to meet deadlines and give appropriate suggestions.
- Basic knowledge of Object-Oriented Concepts and Apple's UI/UX guidelines. (Human Interface Guideline)
- Knowledge of Apple provided In-App purchase integration and mainly working with Auto-Renewable subscription.
- Knowledge of basic iOS frameworks like UIKit, CoreAnimation, AVFoundation etc
- Knowledge of ApplePay Integration with any third-party like Paytm, RazorPay etc
- Knowledge of various kinds of animation for UIComponent like View, Button, Label, Image, Table, Collection etc
- Knowledge of Social Login/SignUp integration like Facebook. Google etc
- Documenting support for APIs and other flows regarding queries
- Sound understanding of SQLite Database for local storage
- Sound understanding of KeyChain for secure storing data
- Sound understanding of Apple MapKit and Google Map integration
- Basic knowledge of Version Control systems like Github, Bitbucket

## SKILLS

---

**Programming Language:** Objective-C, Swift

**Database:** SQLite

**Tool:** Xcode, Simulator

**Method:** Agile, Waterfall, Feedback

**Other:** AppleTv, AppleWatch, Today's Extension, iMessage App

## EXPERIENCE

---

### **9Brainz, Rajkot**

**May'16 - Till Date**

#### **Team Leader, iOS Department**

When I joined 9Brainz, it was a growing startup company that allowed me to work with some clients/products and lead the team for clients. Currently, I'm handling my client. Recently, I observed the work of Junior developers to achieve project completion.

#### **Responsibilities:**

- Learning expert-level problem-solving techniques
- Research and development for client base requirements
- Communication with clients and gathering requirements
- Provide tasks and guidance to the team members
- Support for iOS-related work of Client
- Product base ideas and Product development handling
- Participate in code review and improvement

### **TheAppGuruz, Rajkot**

**Sep'14 - Apr'16**

#### **Jr./Sr. iOS Developer**

After training, I started work as an iOS Developer with TheAppGuruz. During this duration, I learned a lot about iOS development from seniors. After one year, I became a one and started working on Products as per Company's suggestion. Also, work for clients under the guidance of a team leader.

#### **Responsibilities:**

- Learning iOS development from scratch to upload
- Learn basic techniques and bug fixing for the project
- Completing tasks within given deadlines and proper code manage
- Work as a junior-level developer with a team
- Read all kinds of materials regarding self-improving in iOS

### **TheAppGuruz, Rajkot**

**Jun'14 - Aug'14**

#### **Trainee iOS Department**

After completing a Bachelor of Engineering in computers, I did a final year project based on Windows .NET Application (C# programming). Based on Programming logic, I changed my career to iOS. TheAppGuruz helps me with learning and training.

## PROJECTS

---

### **Soma NPT (Client)**

**iPhone (Portrait Mode), iPad (Landscape Mode)**

**Link:** <https://apps.apple.com/us/app/soma-npt/id1333946625>

Soma NPT Vision is a brain training app for Athletes who desire to improve their brain capability. This app is functional in Swift. This app has an auto-renewable subscription, amazing custom animation, social login/signup, apple signup and various type of drills which improves brain activity. This app contains different kinds of linear and circular graphs. This app is the fastest-growing app.

**Note:** Sole Developer, Client Communication, Swift, API, Auto-Renewal Subscription

### **Soma NPT Vision (Client)**

**iPhone (Portrait Mode), AppleWatch**

**Link:** <https://apps.apple.com/us/app/soma-npt-vision/id1520889409>

Soma NPT Vision is the same concept & same functionality as the above Soma NPT app. The eye-Tracking technique with TrueDepth front-facing Camera made this app unique. The app works on research and development. Users can focus the arrow on the app with their eyes.

**Note:** Sole Developer, Client Communication, Swift, API, Auto-Renewal Subscription, Third-Party Library, Eye Tracking (True-Depth Camera)

### **Soma NPT Breathe (Client)**

**iPhone (Portrait Mode)**

**Link:** <https://apps.apple.com/us/app/soma-npt-breathe/id1507308848>

Soma NPT Breathe app for breathing exercises to calm your mind. This app has custom animation, graph third-party with customisation, and background audio while breathing exercises. The main thing is we used haptic mode means vibration of the device. User can close their eyes and do breathing by feeling a vibrating sensation.

**Note:** Sole Developer, Client Communication, Swift, API, Haptic Mode (Vibration), Background Audio Play

## **Fact of Your Name (FoYN) (Product)**

**iPhone (Portrait Mode), iPad (Portrait Mode), Mac Catalyst Support**

**AppStore:** <https://apps.apple.com/ph/app/fact-of-your-name-foyn/id1507293315>

FoYN is 9Brainz's product that works on the name meaning finding, numerology and daily quote type application. We use customised codes like emoji keyboards and custom normal/gradient colour pickers. This app display results in multi-language. Also, Google AdMob use for revenue generation. The main thing about this app is we added Mac catalyst support for learning purposes. Also, for Mac user who wants to use this app on their macOS.

## **WS on Demand (Client)**

**iPhone (Portrait Mode), iPad (Landscape Mode), AppleTV**

**Link:** <https://apps.apple.com/us/app/ws-on-demand/id1475486045>

WS on Demand app is for horse training. Users can watch videos regarding horse training with tips, safety, and procedure. Users can add/edit/delete their horse. And training as per instruction and make notes about it. Also, lock/unlock checklist system and rating third party used in it. All videos load from the Vimeo account.

**Note:** Sole Developer, Client Communication, Swift, API, Third-party

## **Test-Lane (Client)**

**iPhone (Portrait Mode)**

**Link:** <https://apps.apple.com/us/app/test-lane/id1455621974>

Test-Lane is driving related apps. This app prepares the user for a Driving licence test, and this full app is dual language supported (English, Turkish). This app plays video in a custom player, and when tapping on the video user can put a flag image for hazard situations. This app has a quiz format like questions and four options related to driving techniques. This app contains PDF files for the reader manual and opens a customised view for PDF.

**Note:** Sole Developer, Client Communication, Swift, API, Video Player, PDF Reader, Quiz type layout, Flag image for Hazard situation

## Property Prompt (Client)

iPhone (Portrait Mode)

Link: <https://apps.apple.com/nz/app/property-prompt/id1451787125>

Property Prompt is reporting issue detect and resolve type app. A Registered user can add property and report damage/issue using Map and the exact location on this application. In this app, we display map images. Also, upload multiple photos and videos for any area on the property. We store all videos/photos locally.

**Note:** Sole Developer, Client Communication, Swift, API, Upload Photo, Upload Video, Map image, Location pin

## Trafiksayfasi (Client)

iPhone (Portrait Mode)

Link: <https://apps.apple.com/us/app/trafiksayfasi/id1464630099>

Trafiksayfasi is the same concept and functionality as the Test-Lane Application.

## Bayleys (Client)

iPhone (Portrait Mode)

Link: <https://apps.apple.com/nz/app/bayleys/id1451787139>

Bayleys is the same concept and functionality as the Property Prompt Application.

## EDUCATION

---

**Computer Engineering (Bachelor's Degree) | CGPA 7.96 | 2014**

Darshan Institute of Engineering & Technology, Hadala, Rajkot-Morbi Highway

**HSC (12th) | 69.20% | 2010**

Swastik School of Science, Rajkot

**SSC (10th) | 71.38% | 2008**

Shree S. V. Virani High School, Rajkot

**Technical Stream (Basic of Engineering) | 8th, 9th, 10th**

Shree S. V. Virani High School, Rajkot
